Bring Your Vision to Life.
Reach Millions.

Give your ministry the power to create cinematic biblical content — from script to final video — without a film crew or Hollywood budget.

POWERFUL FEATURES

Script Generation

Enter any Bible story. AI generates a complete script with scenes and dialogue.

Auto Storyboarding

Transform scripts into detailed visual storyboards — scene by scene, shot by shot.

Actor Casting

Cast characters once. They stay consistent across every scene — same Daniel, same Mary.

AI Voice Narration

Natural AI voices bring stories to life with professional-quality narration.

Video Generation

Storyboards transform into cinematic video with camera movement and effects.

AI Assistant Editor

Refine videos with natural language. Tell the AI what you want and watch it happen.

INCLUDED

VisionMAX: Bring Your Sermons to Life

Input your pastor's sermon and VisionMAX generates epic AI-animated visuals. When the pastor speaks of "walking through the valley," your congregation sees it. Transform every sermon into an immersive visual experience.

SIMPLE WORKFLOW
